*The mission of the Downtown Mantua Revitalization Committee is to empower the people, government, organizations, and business and property owners to develop and implement a consensus-based plan to enhance the appearance of downtown Mantua. This plan's intent is to bring shoppers, pedestrian traffic, and residents downtown to enjoy our historic district, bustling with eateries, professional offices, niche shops, and downtown living spaces, which support our river and planned growth to preserve our rural character.*

The goal of the Revitalization and Economic Development Project is to plan, finance, and direct the implementation of capital improvements in order to create a downtown district and gateways that are conducive to economic development and improved quality of life in Mantua and the surrounding area.
